

RECLAIM YOUR COMPLEXION

What if you could have better looking skin — safely, affordably, and quickly? You can, with the first FDA-cleared microneedling device.

WHAT IS SKINPEN®?

SkinPen® by Bellus Medical is the first microneedling device in the world cleared by the U.S. Food and Drug Administration, clinically shown to safely and effectively treat facial acne scars for ages 22 and up. With as few as three non-invasive and affordable treatments spaced 30 days apart, you can improve your appearance and step out with confidence.¹
